-  ANTIBACTERIAL & MITE REMOVAL
-  OVERHEAT PROTECTION
-  DUST PROOF & WATER PROOF
-  DEHUMIDIFICATION & MOISTURE PROOF

- Unlike traditional models with a simple on/off switch, this unit features 6 adjustable heating levels. Toggle between 45°C and 70°C to perfectly suit different fabric types and ambient temperatures.
- The control interface is built directly into the vertical bar. This sleek, moisture-resistant touch screen eliminates the need for a separate remote, ensuring all settings are right at your fingertips.
- Optimized for more than just towels. The flat surface area is ideal for pre-warming your clothes before a shower or gently drying delicate fabrics and small laundry items.
- Rapid drying technology prevents the growth of mold, mildew, and odor-causing bacteria. Enjoy the luxury of a fresh, warm towel every time you step out of the bath.
- Since you have the 10A - 250V spec, this is a fairly powerful unit. You might want to highlight that it reaches the desired temperature quickly (e.g., "Rapid Heat-Up Technology").

1. **Premium Stainless Steel Body:** Crafted from high-grade brushed stainless steel that is completely rust-proof, highly durable, and built to last.
2. **Anti-Fingerprint Coating:** Features a specialized protective coating that resists smudges and fingerprints, keeping the dustbin looking brand-new and spotless.
3. **Odor-Lock Enclosed Lid:** The tightly fitted lid seals securely to prevent any unpleasant waste odors from escaping into your room.
4. **Removable Inner Bucket:** Includes a heavy-duty plastic inner bin with a sturdy stainless steel handle for effortless trash disposal and easy washing.
5. **Anti-Skid Rubber Base:** Designed with special non-slip rubber pads at the bottom to prevent skidding and protect your premium flooring or tiles from scratches.
